- Compact, space saving design
- Affordable and easy to replace consumables
- Print from mobile devices (iPrint&Scan)

HL-1210W

With low-priced hardware and genuine consumables, the Brother HL-1210W Wireless Monochrome Laser Printer offers approximately 1,000 prints without compromising on quality. Unlike most printers, the Brother HL-1210W features a separate toner cartridge and drum unit. This means you only need to replace one component at a time, giving you signicant cost savings.

Unique rubber material prevents dust from sticking onto the rollers. Dual roller system improves paper feeding by picking one sheet at a time.

A short paper path enables smooth printing and prevents paper from getting stuck.
