

➔ STAR TSP143IIBI Bluetooth

Introducing Star's new Bluetooth printer solution, the latest model from Star's renowned TSP100 Series used by retailers & restaurateurs across the globe from major retailers to your local corner shop.

This latest addition to the TSP100 Series provides a range of new features including a high print speed of 250mm/second, a guillotine auto cutter (cutter life 2 million cuts) as well as thin paper capability providing benefits not only for the environment but also the user's operating costs. The cost-effective solution includes ALL the set-up accessories you need including the convenience of an internal power supply along with a vertical mount kit in the box.

Star's unique futurePRNT software has also been included with easy-to-use, "instant" coupon and voucher creation software tools - see www.futurePRNT.com for more information. SDK are available for integration at: www.starmicronics.com/support.

- ✦ **AUTOCONNECT** feature for iOS (Apple iPad) after power on or out of range situation
- ✦ **FAST 250 mm/second print speed**
- ✦ **DROP-IN & Print** paper loading
- ✦ **ULTRA white** version available (indent only)
- ✦ **NEW guillotine auto cutter** (MCBF 2 million cuts)
- ✦ **CONVENIENT** internal power supply
- ✦ **THIN** paper capability (0.053 to 0.085mm)
- ✦ **Star WebPRNT** Browser for direct web printing from a web page from Google Play or App Store
- ✦ **NEW AllReceipts** Digital Receipting from Star Cloud Services

Designed to work with today's market leading operating systems – Android, iOS, Linux, Mac OS & Windows, this printer will have a dramatic impact on the retail environment and enhance Star's leading position in the mPOS as well as traditional POS marketplaces.

➔ TSP143IIIBI

80mm Receipts

Options include splashproof cover & desk boot

Printer Powered

USB Device Charging (5V-1A)

Auto Decurl Feature

No more curled receipts falling o° the counter. Star's new "decurl" features literally ,attens the receipt before delivery

STAR CLOUD SERVICES

star AllReceipts

The new TSP143IIIBI works happily with Star's new Digital Receipting service AllReceipts. The connected host can immediately send an image of the printed receipt to the Cloud for anonymous retrieval by the customer - no need for phone number or email address. Retailers will now be able to receive instant feedback on customer satisfaction as well as provide promotional material on their customers' smart phones while the customers, in turn, will have an exciting new mobile App to manage their receipts digitally by date, type or retailer with back up & print facility.
